CYRUS SOLON JR. CLAIMS BRIDE IN WASHINGTON, D. C.

MISSION — On New Years eve in our nations capitol at Washington D. C. Cyrus J. Solon, Jr. son of Mr. and Mrs. Cyrus Solon of Niles and the Mission was married to Miss Phillis Gaines of Menlo Park, Calif.

The wedding was formerly scheduled for January 10 here at the bride's home, but due to army regulations, "Cy" as all his friends call him, was unable to leave his post in the U. S. Marines. He graduated and received his commission as Lieutenant on the 30th of December and the young folks went to Washington on the 31st, where they were married.

Cyrus, attended Washington Union High school here at Centerville and after his graduation attended State Teachers College at San Jose where he majored in athletics. He was a member of the Gamma Phi Seguia at college and after his graduation in 1942, he enlisted with Uncle Sam. Miss Gaines also attended State and graduated there this past year.

Mrs. Solon is the only daughter of Mr. and Mrs. Clay Gaines of Menlo Park, Due to travel restrictions neither of the families was able to attend the ceremony.

The newlyweds are making their home at present in what is known as "Quantico Triangle", where many of the marine officers live. Cyrus still has more training to do at Quantico before he can train new recruits and hopes that when his transfer comes it will be nearer California, as the weather is too cold there.

Good Luck Lieutenant and Mrs. Cyrus Solon Jr. from California.

WAR ACTION CLAIMS FIRST FUTURE FARMER

SAN FRANCISCO — First Future Farmer to give his life for his country in actual combat was Nathan Maclean, United States Marine Corps, charter member of the Livermore Future Farmer chapter, it was learned here today.

Young Maclean was killed in the fighting around Guadacanal. Other Future Farmers have been reported missing, or killed in training but Maclean was the first reported death in action.

— V —

Word has ben received by Mrs. Louis Souza that her son, LOUIS Jr. has been promoted to the rank of corporal in the U.S. Army. He is located at Fort Bliss, Texas.

SAILOR ENGAGED

Second Class Storekeeper Clifford E. Rogers of the U. S. Navy and Miss Esther Gularte of Warm Springs have announced their engagement. The announcement was made at a dinner party given at the home of the young lady's parents, Mr. and Mrs. Joaquin Gularte during the holidays. Cliff has been home on furlough for several weeks but has been called back to duty on a supply ship for the U. S. Navy. The date for the wedding has not been set due to the war conditions Miss Gularte is a nurse at Dr. Grimmer's office in Niles.

— Bonds for Bombs —

SOLDIER HONORED

DECOTO — The Decoto Social group gave a party Saturday evening, December 30 at the home of Mr. and Mrs. Walter Walker in honor of Mr. Lester Watkins, of the armed forces who was home on furlough from Geiger Field, Washington and of Mr. and Mrs. Bob Whipple of Davis, formerly popular residents of Decoto and prominent in Scout work and other community affairs. Dancing was enjoyed till a late hour after which refreshments of sandwiches and coffee were served.

— Bonds for Bombs —

Sailor LAWRENCE GRONLEY has been transferred from the Naval Training Station at Camp Bennion, Farragut, Idaho to further training as an Aviation Machinist's Mate at the Naval Air Station at Norman Oklahoma.

Private EUGENE PASHOTE of Newark was promoted to Private First Class on December 31, and is now located at Camp Corson, Colorado, working as a Battery Assistant Clerk.

THE MOST YOU CAN BUY IS THE LEAST YOU CAN DO

## F. B. I. OFFICER TO SPEAK AT FORUM AT NILES

The next Current Affairs class at Niles, provided by the evening high school department at Washington High school, will be held next Tuesday evening at 8 o'clock in the auditorium of the Niles Grammar School, Mr. Warren Gravestock announces.

**Special Agent R. A. Lapachet of the Federal Bureau of Investigation will speak on Law Enforcement Problems in Wartime, followed by Assistant District Attorney Leonard J. Metzker of Alameda County.**

The following week, also on Tuesday night, promptly at 8 o'clock another program will be given, the discussion topic to center on the subject: The British War Effort, supplemented by a sound movie entitled Target for Tonight, which shows the RAF in their various stages of a bombing attack on Germany.

The public is invited, and there is no fee attached. The larger the attendance the better the program for future meetings, according to Vice Principal Jack Rees, who conducts the question and answers periods at the close of each program.

Residents of the Niles School district are within walking distance of the Grammar School and should avail themselves of this instructive opportunity.

REDWOOD LUMBER OUT NEAR RECORD

SAN FRANCISCO — California redwood production in 1942 exceeded 550,000,000 feet of lumber, announced Kenneth Smith, manager of the California Redwood Association, describing it as "probably the second largest production in history".

MOTHER OF THREE MEN IN SERVICE ANSWERS LAST CALL

MISSION — The passing of Mrs. Mary M. Rogers last Sunday afternoon saddened her family and a host of her friends, Mrs. Rogers had been in failing health for some time due to worry over the war and other causes. She had sent three of her sons into Uncle Sam's armed forces. Pvt. Leonard, somewhere in Alaska, unable to get home, Eddie Rogers, Mather Field California, and Tony from Camp Carson, Colorado, who arrived the day before his mother's passing. She had lived most of her life here in the Mission.

Her husband passed away several years ago and she and the family lived on the old home place near Mission ever since. The funeral services were conducted from St. Joseph's Church with Reverend John Leal officiating. She leaves a number of children, grandchildren and greatgrandchildren, to mourn her passing.

Mrs. Agnes Schidler of Nevada, Edith, John, Barbara Rogers of the Mission, Mrs. Clarence Oliveria, Mrs. Frank Mayer, Mrs. Joe Azevado, Mr. Lawrence Rogers, Rudolph Rogers, Mrs. Antone Santos, Mrs. Emily Garcia, Mr. Herbert Rogers are among the survivors.

NILES BROADCAST

**An hour's broadcast over Station KLS was given Wednesday noon from the lobby of the Central Bank in Niles by a state official of the Voice of Portugal. Purchase of War Bonds and the Civilian War Effort provided the topics of the addresses. The bank remained open over the noon hour because of this unusual event, which attracted considerable interest locally.**

Mr. and Mrs. Gilbert Menzies of Oakland spent Sunday at the Menzies home in Niles.

## HAVE YOUR TIRES INSPECTED SOON!

* * * *

For the protection of your precious tires, The Township Register publishes a list of the official tire inspectors of Washington Township on page 8 of this issue.

To preserve the nation's remaining tires it is important, when a tire wears down to the point where the carcass is endangered, that you be given a certificate for a recapping job or replacement.

Although the deadline for automobile tire inspection has been postponed until February 28th you should lose no time in having your tires inspected as soon as possible to protect the life of your tires. The 13 official tire inspectors listed on page 8 have an estimated 24,000 automobile and truck tires to inspect before the end of next month.

(Continued on page six)

RATION BOARD MOVING

The Washington Township War Price and Ration Board, situated in the MacRae building on West First street in Niles is moving this week to the larger quarters in the same building adjoining and just east of its present location in the old telephone company office. Their increasing records and greatly increased calls for gasoline and other rationed commodities require the larger quarters. A good heating stove was installed in the larger quarters early this week.

## LIONS CLUB HAS $678.53 FROM SCRAP DRIVES

CENTERVILLE — The semi-monthly dinner meeting of the Centerville Lions club was held at the Black and White restaurant here Tuesday evening with 16 members and four guests present, with Jack Rees presiding.

Carleton Brown led off the group singing with Dwight Thornburg tapping it out at the piano. Ed Vierra, as chairman of the evening introduced his two guests, his brother Manuel, with the Booth Canning company at Campbell, and E. Dixon Bristow, principal of the Niles Grammar School. Joe Adams introduced his guests from Niles, Walter Waynflete, editor of The Township Register, and his "city editor", M. R. McMillan of San Francisco.

Gilbert Smith of Westvaco was initiated as a new member. Secretary Erle Hygelund read the minutes of the December 8 meeting, with the December 22 meeting omitted on account of Christmas, and read the proceedings of the board of directors meeting held in December in the President's home.

— Tribute Read

At the latter meeting $5 was voted to the current Boy Scout drive, and four subscriptions to the Readers Digest were taken out for four Lions club members now in service. A tribute to the memory of the late Lion H B. White was read from Lions International.

After some discussion the membership voted to meet this Sunday at the firehouse at 9 o'clock equipped with trucks and shovels to spread gravel on the side walks of lower Main street. Trucks will be donated by the PC. Hansen Lumber company, Tony Alameda for Williams Brothers Packing Co. and Ed Viera for the L & V Farm Sales.

By popular vote the next meeting will be held on Monday night, January 25, rather than the regular Tuesday meeting, so the membership can adjourn in a body after their dinner at the Black and White, and their business meeting, in order to enjoy the fine program of the Current Affairs class offered that night at the high school next door. The coming meeting will be dedicated to Lion Leland Martin whose birthday occurs that day.

— Fine Scrap Returns

**The big event of the meeting was The announcement by chairman Joe Adams of the final returns of the three Victory Scrap Metal and Rubber drives put on by the Lions club, which together yielded 62½ tons of metal and brought in $678. cash for their treasury, this sum including $51.28 realized from the sale of rubber scrap.**

Reverend J. L. Webster of Newark spoke of the Archery club he had organided for boys in his town, he said he had a club underway at Centerville and asked the club to sponsor it. The board of directors will pass on the matter at their next meeting.

Manuel Vieira sang several songs in his fine baritone voice and Principal Bristow presented a ringing talk on Service as it affects the lives of people and organizations today.

— V —

Niles women sent in 62 dozen cookies to the Hayward USO hut on the last Cookie Brigade day on January 7, with Mrs. Mario Moise contributing as a new member. The next bake day is February 4 and more women are invited to contribute their three dozen cookies to this monthly undertaking. Please phone your name to Mrs. W. A. Baldwin.

## FUNERAL HELD MONDAY FOR REV. R. C. DAY

BELOVED PASTOR OF NILES CHURCH SUCCUMBS FRIDAY

OAKLAND — Funeral services were held Monday morning at 11 at the Chapel of the Chimes here for the late Reverend Richard C. Day, who succumbed on Friday at the home of his daughter in Pasadena to a stroke and complications attendant upon old age.

He was given a sick leave of absence a year ago from his duties as Pastor of the Niles Congregational Church; returned to his duties in March, 1942 and retired late in June last year. He had suffered recurring heart attacks.

He was a member of the Rotary club at Niles, had often preached Sunday afternoons at the Masonic Home near Decoto, and was founder of the Men's Fellowship club in the Niles Church, now in its second year of activity.

Reverend D. Q Grabill, his successor at the Niles Church, went up with a carload of friends from Niles to attend the last rites. The body reached Hayward Saturday, where private services were held that evening by Reverend Godfrey Mathews. Accompanying Mr. Grabill on Monday were Mrs John Galvin, Mrs. H. G. Munro, Mrs. J. W. Myers, Miss Betty Denton and Mrs. Lloyd Boulter.

Dr. Harley Gill, chairman of the Northern California Congregational Conference, conducted the service, assisted by a Berkeley Pastor. Inurnment was made in the Chapel of the Chimes where Mrs. Day's ashes repose. Special floral offerings were sent by the Sanford Circle, the Ladies Guild and the Mens Fellowship club, all of the Niles Congregational Church.

He was a graduate of the Pacific Schoo of Religion in Berkeley and had served Congregational Churches in Sonoma, Hayward and Niles for many years. He was Pastor at Hayward from 1926 to 1934 and at Niles from 1936 to 1942.

He was the beloved husband of the late Leonora Pearson Day; loving father of Ruth Day, Allen of Pasadena and Richard Pearson Day of Denver; four grandchildren; son of the late Rev. William C. Day; beloved brother of Mrs. C. B. Condit of Oakland; a native of Indiana; aged 69 years, 3 months, 2 days.

# MISSION SAN JOSE

Miss Ruth Justus
Correspondent

Miss Fern Elaine Justus spent three days at the home of her mother, Mrs. Lois Justus and family this past week. She had leave from her job at McClellan field and went on Monday to visit her in-laws-to-be Mr. and Mrs. R. Bursby in San Francisco. On Tuesday she kept a dinner date with Miss Nelle Warren, a school chum at San Jose, returning on the evening bus to Sacramento.

Tony Dietl, who has been employed at the Dominican Convent for twelve years has gone into defense work for Uncle Sam at the Shipyards in Richmond.

Miss Norma Santos visited her aunt, who is quite ill at the O'Connor Sanitarium in San Jose, one day this past week.

Friends of Frank Dias extended their sympathies to him at the recent passing of his mother who made her home at the I. D. E. S. hode in Warc Springs for a number of years. She was buried Friday from St. Josephs Church here.

Mr. and Mrs. Jack Pereira entertained Mrs. Bradford Harve of Shreveport La. last week.

The Misses Gallegos had as their house guest this past week Mrs. Jessie Beard of San Francisco.

Miss Eda Beronio returned this week from a months vacation spent in the High Sierra and in San Francisco. She reported marvelous weather and a wonderful time, especially in the snow, of which there is an abundance.

Dan Silva, fully recovered from his accident of a month ago spent a few days in Alameda and Oakland visiting former friends. He is back at school after missing more than a month.

Mrs. Ernest Frie Sr. is up and about following several days spent in bed resulting from a wrenched back which caused her great pain.

Mr. and Mrs. Joe Semas spent New years eve as guest of Mr. and Mrs. Alfred Peixoto and family in Irvington.

Mr. and Mrs. Ernest Frei entertained friends from Hayward and Alameda Friday. Albert Frei of Sunnyvale was a weekend guest at the family home here.

Miss Thelma Santos spent the entire holiday with her aunt in Mountain View. She returned Sunday to resume her studies at St. Mary of the Palms.

Buster Bonner, former Mission boy visited old friends here this past week. He spent some time at the residence of Mr. and Mrs. Frank Castro and family.

Frank Telles P. G. & E. employe at Benton Mills was home for a couple of weeks over the Christmas holidays. It was his first vacation in a long time.

Miss Nelle Marie Warren spent a gay New Year's eve in San Jose with friends at a dinner party and celebration at the St. Claire Hotel.

— V —

### CHILD IS BURNED

MISSION—Little Dorothy Gooding, aged ten, a pupil at St. Mary of the Palms was critically burned at the school one evening last week. Her dress caught fire as she played too close to the heater. She was rushed to Highland Hospital by Dr. George Holeman of Centerville, who responded to ahe call, and it was learned that her burns were first and second degree ones on the lower part of her body. Her mother, Mrs. Ethel Fahey lives in Richmond and was notified of the accident immediately.

— Bonds for Bombs —

All records for marriage licenses in San Francisco were smashed in 1942 with a total of 8033, 80 percent issued for service weddings.

### LOCAL MARKSMEN OUTSHOOT TEAM FROM HAYWARD

MISSION — The Tangle and Twist Fishing and Rifle Club fired a four position match with the Hayward team at the home range at the P. G. & E. Club House at Newark on January 8. The highest possible score for the team was 1000 points and individual score 200. The five high scores were the deciding factor for each team. The home town boys won by a score of 935 to 915.

The scores were as follows. Marston Dassel 188, Claire Bettencourt, 188, R. P. Hunt 188, Bob Hunt 186, "Tiny" A. J. Silva 185, Walter Steinmetz, 178, Joe Janeiro, 174, Tony Costa, 172.

The Hayward team scored as follows: A. Bagley 185. E. Beck 185, Willadsen, 183, R. Carden 181, T. Smith 180, N. Best 174, H. Helt 174.

# SAFEWAY Homemakers' Guide

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday, January 12, 13, 14, 15 and 16, in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward and other cities and towns in San Mateo, Alameda and Contra Costa counties.

### To the suds with Woolens

Each day we homemakers seem to take on added work at home. Many who have never tackled the task of washing woolens at home, are finding themselves confronted with this problem.

**IS IT 100% WOOL?**

100% wool fabrics and clothes are so labeled. This is more or less of a warning because there are so many synthetic wool fabrics that do not lend themselves to washing. But if it is all wool or wool and cotton, then you're safe to tackle the job yourself.

**CHOOSE SOAP CAREFULLY**

Choose a reputable granulated soap which dissolves quickly in lukewarm water. Be sure the water is only LUKE warm. This is important. If you're not, sure of the temperature, test it with your elbow. It is more sensitive to heat than your hand. It should feel just tepid.

**MEASURE THE ARTICLE**

Before dousing the article to be washed into the suds, measure it. If it is a sweater, baby clothes or something of that sort, it is well to cut out a paper pattern as a guide for size. Measure blankets and large articles.

**ACTUAL WASHING**

Squeeze, NEVER RUB, woolen garments in the suds. If the article doesn't come clean in one suds, then squeeze it through a second suds of the same temperature. When clean, squeeze out the water, and rinse in water the same temperature as the washing water.

Rinse twice or until water runs clear of soap. NEVER WRING, but squeeze out excess water.

**SHAPING OR HANGING**

Sweaters, baby clothes and the like should be pulled back to their original shape. If a pattern is made, lay it on the pattern and pin it in shape. Lay on several thicknesses of bath towel to dry and dry it in the shade, not in the sun.

For blankets and large articles, hang them on the line, being sure they are straight and not pulled askew at the corners. The shade is best for these, too. And a windy day is ideal for washing heavy things like blankets.

### If you can't get that —try this

Even though our food dealers' shelves are likely to take on the appearance of Old Mother Hubbard's cupboard during this wartime period, it is still up to the homemaker to keep the family fare in balance with sufficient vitamins, minerals, and other body-building indispensables.

It may mean changing your food habits, but you CAN keep your family well fed in face of limited selections.

**FOR YOUR DAILY QUOTA OF VITAMIN A**

... Look to your dairy products, eggs, sundry meats such as liver, heart and kidney, oily fish, leafy green and yellow vegetables. If one "A" food is not available, then turn to another.

**GET YOUR VITAMIN B**

... From whole grain cereals, enriched flour and bread, milk, eggs, liver, kidney, fruits, and vegetables. Think of these when lean meats are not available.

**YOU'LL FIND VITAMIN C**

... In oranges, lemons, grapefruit, tomatoes and berries. Leafy raw vegetables, especially cabbage, can be called upon for "C" should there be need.

**MINERALS ARE NECESSARY**

You won't have to go mining for these minerals. But they should be given careful consideration in the menu.

**Calcium**—Of course dairy products, especially milk and cheese, are the best source, but the pinch hitters are molasses, carrots, cabbage, broccoli, and dried figs.

**Iron**—Liver, heart and kidney are about the best sources of this all important mineral. But too, there's whole grain cereals, enriched flour and breads, lean meats, egg yolks and leafy green vegetables.

**PROTEIN AND ENERGY FOODS**

**Proteins**—These are the sustaining foods around which our menus are usually built. Meat, of course, is most universally favored. But when the family quota is exhausted, then think of the menu in terms of cheese, eggs, dried beans and nuts. They do a similar job as meat, and you'll find some of them available.

**Energy Foods**—Somehow or other, we seem to get our share of these, so there's no need for worry here. Breads, desserts, potatoes, in other words, starches and sweets, are seldom neglected on any menu.

**WE'VE PLENTY TO EAT**

There are plenty of nourishing, appetizing foods to be had. It is a matter of manipulating the menu to include all the nutritional necessities. Julia Lee Wright's Family Circle articles are designed to help you adjust your cookery to a wartime basis. You'll benefit by watching for them weekly, and clipping them for future reference.

A new series in new dress has just been started. Get your copy of THE FAMILY CIRCLE MAGAZINE Tuesday and start your series from the beginning.

## PAINLESS GAS EXTRACTION

CERTAINLY GET AROUND. THEY WENT OUT THE LAST TIME I WAS HERE TO SEE YOU.
OH, THAT'S JUST A COINCIDENCE — THEY ARE JUST GOING SHOPPING! WE ALL DO IT AROUND HERE.
BUT...THE GAS... AND TIRES... DO YOU ALL HAVE 'B' BOOKS IN THIS NEIGHBORHOOD?
OF COURSE NOT DARLING... WE GO TOGETHER IN ONE CAR AND ALTERNATE CARS. LET ME EXPLAIN...
...WHEN TIRE AND GAS RATIONING WAS BEING PLANNED, WE GIRLS DECIDED THAT WE NEEDED A PLAN TOO. SO WE FORMED A 'SHOPPING CLUB'. WE ALL LIKE SAFEWAY'S METHOD OF MERCHANDISING SO WE PICKED A DAY EARLY IN THE WEEK AND...
... TAKE TURNS DRIVING OUR CARS. IT WORKS IN OTHER WAYS, TOO. IF YOU GET FOUR OF YOUR GIRL FRIENDS TO DO IT, YOU SAVE FOUR-FIFTHS OF YOUR GAS!
JUST WAIT 'TIL THOSE 'GAS MOURNERS' IN MY NEIGHBORHOOD HEAR THIS!

**Why Don't You Form Your Own Shopping Club**

Just get four of your neighbors to join you in taking turns driving to the store. It's a cooperative, helpful idea that multiplied by millions will go a long way toward keeping our cars rolling for the duration.

Union Service at Centerville

10 a. m. Morning Worship.

Sunday school — Younger children at St. James Episcopal, older children at the Presbyterian church. Parents can attend the church service while the children are in classes.

### CHRISTIAN SCIENCE CHURCHES

"The gift of God is eternal life through Jesus Christ our Lord." These words from Romans comprise the Golden Text used Sunday, January 17, in all Churches of Christ, Scientist. The subject of the Lesson-Sermon will be "Life."

Included among the Scriptural selections are: "Now when he came nigh to the gate of the city, behold there was a dead man carried out, the only son of his mother, and she was a widow: . . . And he came and touched the bier: and they that bare him stood still. And he said, Young man, I say unto thee, Arise. And he that was dead sat up, and began to speak. And he delivered him to his mother," (Luke 7:12 to colon, 14, 15).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Life is real and death is the illusion. A demonstration of the facts of Soul in Jesus' way resolves the dark visions of material sense into harmony and immortality. Man's privilepe at this supreme moment is to prove the words of our Master: 'If a man keep my saying, he shall never see death,' " (p. 428).

### DECOTO GROUP ENJOYS STUDY OF LIFE OF MOSES

DECOTO — The Decoto Discussion Group met Thursday, January 7, at one o'clock at the home of Mrs. Elsa Walker for a discussion of the latter half of the life of Moses, this being the Bible meeting of the year. In the absence of the leader, Miss Cecilia Janeiro, the questions prepared by her were generally discusser. A good attendance was present in spite of many conflicting duties. The Group was disappointed by the absence of Father Hennessey of Niles who was detained by an unexpected call upon his services. It was hoped he would be present to clear up some perplexing points not easily grasped by the laity.

The meeting was concluded with a reading, "The Burial of Moses," by Mrs. Walker. Mrs. Swensen, who was to have discussed "Moses in Art" was absent on account of illness of her little son Jerry.

The next meeting will be a study of "Laughter Out of the Ground", by Robin Lampson, The group hopes to get in touch with the author and also to have with them at this time Mrs. Gladys Williamson of Niles.

Mrs. Herman Jaeger of Niles Road became a member at this meeting. Miss Jean Beard of the Oakland Staff was a welcome guest. Letters were read from former and absent members. Miss Mary Barmby, Mrs. Mary Janeiro of San Carlos, and Miss Olive Hyde of Mission San Jose. z

### DANCE SATURDAY Y. L. I. SPONSORS AT IRVINGTON HALL

St Jude Institute No. 163 Y.L.I. of Irvington, will sponsor an Old Time Dance, Saturday, January 16, at Leal's Hall in Irvington. Music by Haywire Orchestra, with fun for all according to Beatrice Enos chairman. Assisting her are Dorothy Silva and Anne C. Rose.

Plans are underway also for St. Judge Institute second birthday party February 4, with Beatrice Enos, again chairman.

### POSTMASTERSHIP OPEN AT IRVINGTON POSTOFFICE

The Township Register received notice last week after the paper was published that applications would be received at Washington D.C. up to today, (Friday, January 15) from candidates for the position of Postmaster at Irvington, which pays $1900 per year.

Applicants must be American citizens, must have lived in the delivery area of the Irvington Postoffice for not less than one year, and must take an examination to be held at Niles later this month.

The civil service commission will then certify the names of the highest three qualified elegibles to the Postmaster General who then submits the name of the elegible selected to the President for nomination. Confirmation by the Senate is the final action.

Information and application forms may be obtained at the postoffices at Irvington or Niles. If they are sent airmail and are postmarked here on January 15 it is possible they will be accepted in Washington.

### BANK OF AMERICA DECLARES BIG YEAR-END BONUS

More than 9,000 staff members of the Bank of America in all parts of California again shared in a bonus, to aggregate approximately $600,000.

The bonus was voted by the Bank's board of directors upon recommendation of President L. M. Giannini, who reported that staff teamwork throughout the year made it possible for the bank to meet the abnormal problems created by war conditions and the enlistment in the armed forces of 2285 experienced employees.

This payment brought the total bonus to the staff during the past year to almost $1,250,000 or approximately 90 per cent of a month's salary for the average employee.

## NEWARK

**Frank E. Pine**
**Correspondent**

The Newark Fire Department was called out on Wednesday morning of last week to extinguish a fire at the Avila home on Baine Ave. There was no damage done.

Mr. and Mrs. Frank Bagnatori of San Francisco (the former Miriam Costa) spent the weekend at the home of Mr. and Mrs. Frank E. Pine. Mr. Bagnatori is the owner and manager of a food store in San Francisco.

The Newark Fire Department held their regular meeting on Monday night, January 11, with the Auxiliary Firemen present. The reason for this joint meeting was a talk made by Chief Pashote on the new type of bomb used by the enemy, also a demonstration of the new strirrup pump manufactured by the James Graham Company of Newark.

Sunday morning, January 17 the public is invited to attend a demonstration of this stirrup pump at the Newark Fire Station at 11 a.m. The quota given Newark by the O.C.D. is one hundred and fifty six pumps

After the meeting refreshments were served with lawrence Costa and Louis Calderia in charge. The Department is starting another scrap-to-smashthe-Jap-drive. The proceeds of this drive will be used to purchase pumps for the Auxiliary Firemen.

## IRVINGTON

**Miss Doris Alameda**
**Correspondent**

Mr. and Mrs. Morris Brewer and daughter Myla, received relatives from the City Sunday. Their son Lester is manager of a furniture store in the City.

Mr. and Mrs. Ray Canwright are the proud parents of a baby boy. Both the mother and baby are home and are reported to be doing nicely.

# Neighborhood NEWS

### NILES ROTARY HEARS TALKS ON DOGS AND GASES

W. Getzmer Wagoner of Livermore told the Niles Rotary club at the City of Florence Restaurant last week about Dogs For War, saying the government wanted animals which stood not less than 20 inches high at the shoulder, weighed not less than 50 pounds and were not over five years old, for training as army guards, etc. The training center is at San Carlos.

This Thursday noon the Niles club heard a talk on Developments in Chemical Warfare presented by Richard Condon. He demonstrated several of the most popular gases. President "Chick" Burdick assessed the fines as usual.

### ALVARADO FIREMEN SAVE DWELLING AS CHURCH BURNS

ALVARADO—The new Alvarado Fire Department with Fire Chief James C. Wasley in charge, made a spectacular showing in their attempt to extinguish the fire in the Mt. Eden Presbyterian Chcrch on Saturday ebening. The truck had hardly stopped rolling whes a stream of water from a 2 in. hose began to check the blaze. When the Alvarado boys arrived the church was already beyond saving but due to their efficiency and perfect equipment the house directly in back was saved.

On Wednesday, January 6, officers for the newly organized Fire Department were elected. Fire Chief James C. Wasley was nominated and elected president; Anthony J. Vargas, vice-president; Clyde Lewis, secretary-treasurer and Anthony Alexander sergeant at arms.

One of their recent projects which has been handled magnificently, is the collection and delivery of tons of scrap to the Niles Steel Mill.

Mrs. Conner, daughter of Mrs. Olive and resident of Sacramento, visited with her mother and brothers here recently. ,,

Misses Shirley and Doris Alameda accompanied Miss Maxine Mau and her mother to San Jose to a skating party recently.

The new family to occupy the home recently vacated by William Mette, high school teacher, is named Frang Brabant. Both Mr. and Mrs. Brabant are working in the shipyards.

Miss Janice and Jean Nelson formerly of Irvington and now living in the City visited with relatives and friends here recently.

Ebba Rae Benbow has just returned from a lovely visit to Los Angeles where the Jone's family resides. She saw many interesting sights.

The librarian reports many good books now available for reading.

## NILES LOCALS

**Miss Rosemary McDonald**
**Correspondent**

The Friendly Sewing Circle met at the home of Mrs. Olive Pugmire last Monday. Mrs. Pugmire was assisted by Anna Bradford and Ivy Cull. The following officers were elected for the new year at this meeting: Anna Bradford, president, Mary Rose, vice president, Ivy Cull, secretary and treasurer. The next meeting will be held at the home of Mary Rose on Monday, February 8. The co-hostesses will be Beatrice Fournier and Jennie Mohn.

Mrs. Joseph Shrinn Jr. and Mrs. Louis Musick entertained the drama section of the Country Club on Tuesday afternoon at the home of Mrs. Musick in Decoto.

The Rebekah lodge will hold Installation ceremonies at their meeting on Friday according to Sena Carr, noble grand.

Mrs. Anna Bradford attended a meeting and luncheon of the Association of associated matrons of the O.E.S. which was held on Saturday at the Masonic Temple in Oakland. Mrs. Bradford was a member of the luncheon committee.

Ina Harrelson of Centerville was the house guest of Jean Menzies this week.

### DECOTO STUDENTS PLANT VEGETABLES IN SCHOOL YARD

DECOTO — Eighth grade pupils of the Decoto Elementary School, under the direction of Principal L. W. Musick are showing there interest in contributing to the war effort on the home front by converting the grass covered lawn of the school into a Victory vegetable garden. The youngsters do all the work, including the spading. The lawn is divided into beds of generous size, each being planted to popular vegetables. This week will see the planting job finished, leaving care of the plants to come later.

### NEWARK FIRE LOSSES ONLY $650 IN 1942

NEWARK — The Newark Fire Department was called out 32 times during 1942. Twenty eight calls were for fires, three were false or uncertain calls, and one was a drowning case. The average firemen who answered the calls was five per call.

Chief Pashote estimates the total loss by fire for the year 1942 to be $650.00.

### VISITS IN NORTH

NEWARK — Eph L. Musick returned the first of the week from Crescent City where he had been called two weeks ago on account of the serious illness of his sister, Mrs. Kate Hemenway, who died while he was in his old home town. On his way home from the north, Mr. Musick visited briefly with relatives in Medford and Chico and with the R. B. Kooper family now living in Glenn County. He reports that for every inch of rain that Washington Township has had so far this winter Del Norte County has had a foot.

The Orient chapter of the Eastern Star in conjunction with Hayward, San Leandro and Elmhurst received the official visit of Katherine Farwell, worthy grand matron on Wednesday night January 13 at the Masonic hall in Centerville

Mrs. Julia Cull and son Billy of Richmond left for their home Tuesday after spending a few days at the home of Mr. and Mrs. Wm. D. Cull here. ,, ,,

Attorney J. Leonard Rose of Oakland, well-known in Washington Township was a business visitor in Niles Friday in connection with settling up the estate of the late Will Jefferis, classmate of his at Washington High, who was a member of the state championship football team of 1899.

Snappy, cold mornings locally on Monday and Tuesday with heavy frost everywhere. Private thermometers reported readings of 32 and 34 degrees around Niles and Centerville.

Sugar stamp No. 10 in your family ration book, good for three pounds of sugar, expires on Sunday, January 31. Coffee stamp No. 28, good for one pound of coffee, becomes worthless after February 8. Housekeepers have to keep "dates" with their grocers these days!

### COUNCIL TO MEET

CENTERVILLE — The first meeting of the co-ordinating council of Washington Township for 1943 will be held at luncheon at the Washington Union High School on Wednesday, January 27, at 12:30 o'clock, Principal J. V. Goold, chairman, presiding.

### DAVID RICHARD BROWN

Mr. and Mrs. Herbert Brown are the parents of a son born at the Silva Maternity Home January 6. The young man arrived weighing seven pounds and twelve ounces and both mother and son are reported doing nicely. He will be called David Richard.

A tramp stopped at a farmhouse and asked for something to eat. Said the farmer: "All right, but first you'll have to dig potatoes for an hour."

Said the tramp: "Let the man who planted them dig them. He knows where they are."

### CORPUS CHRISTI CARD PARTY

A public card party for the benefit of Corpus Christi Parish, Niles will be given at the Parish house on Monday evening next, January 18 at 8:30 o'clock. Mrs. A. M. Alves is chairman and is assisted by the following committee. Mrs. E. D. Bristow, Mrs. Romeo Brunelli, Mrs. George Burr, and Mrs. Clarence Crane, Miss Celeste Bunker, and Mrs. Lawrence Avilla.

### WASHINGTON TOWNSHIP COURT OF HONOR PLANNED FEBRUARY 8

The next Boy Scout Court of Honor for Washington Township will be held on Monday evening, February 8, at 8:30 o'clock, at the Centerville Elementary School. Alvarado, Centerville, Decoto, Irvington, Newark and Niles Boy Scout Troops will participate.

Plans were formulated at a meeting of Scouters held at the Justice Court in Centerville on Wednesday evening, January 6. Scouters in attendance were:

C. B. Lamkin, Scout Executive forSouthern Alameda County; Judge Allen G. Norris, chairman, Washington Township, Thomas P. Maloney District Commissioner; James M. Nunes, Chairman, Camping and Training; Ray Benbow, Chairman, Advancement; Charles W. Baird, Chairman, Alvarado Troop; A. J. Silva, Scoutmaster, Jack D. Rees, Chairman, Centerville Troop; Phillip Souza, Scoutmaster Centerville Troop; Joseph R. Nunes, Committeeman, Centerville Troop;

Joseph Janeiro, Scoutmaster, Decoto Troop; Arthur Swenson, Assistant Scoutmaster, Decoto Troop; William Graves, Assistant Scoutmaster, Decoto Troop; Richard Texera, Scoutmaster, Newark Troop; L. L. Lewis, Chairman, Niles Troop; Bain Leask, Committeeman, Niles Troop.

An interesting program will be presented for which no admission will be charged. The general public is cordially invited to be in attendance.

### NEWARK BLUEBIRD CLUB ENJOYS ANNUAL DINNER

NEWARK — On Tuesday evening, January 5, the Newark Bluebird Club met at the International Dining Room for their Annual "Dutch Treat" Dinner, the occasion also celebrating their 24th anniversary and the divulging of Secret Pals. Those present were President Julia Ruschin, Emily Reider, Beatrice Miller, Marie Dutra, Rose Santos, Frances Turnbow, Violet Manley, Mabel Callow, Lida Francis, Mary Duarte Lotti and Elsa Mikkelsen. After partaking of a lovely dinner a short business meeting was held and each member made a repora on her activities for the past year, which combined made a splendid showing.

Several of the members have regular four hour shifts as ground observers, others have turned in many knitted articles, Marie Dutra especially is to be commended for knitting, as she has turned in many sweaters caps, mittens, helmets, etc. Some of the girls have been blood donors, while others have folded bandgae dressings for the Red Cross, and last but not least, the Club is 100% in the buying of War Bonds and Stamps. Secretary Mikkelsen then read Christmas greetings and notes of appreciation from several Newark boys who are in the service. as each Newark Boy, whose address was available, was remembered with a gift together with the best wishes of the Club.

Those heard from were, Wilbur Pine, J. Donald Graham, Ph.M 3/c, Pvt. Eugene Pashote, John E. Dutra, Ph M 3/c, Sgt. Ray Smith, Pvt. Dexter Carver, Corp. Melvin Vargas, Pvt. Emil Hughes, Lt. Romaine Reviere, Corp. John R. Meneze, Pvt. H. C. Dondero, Pvt. Werner Frendsen, Paul Manley, Ph M 3/c and Pvt. Chester Buck. There were several others who have not been heard from as yet.

Miss Eunice Ann Mozelle Reynolds from Sacramento visted Elaine Gayley over the weekend.

Helpful Suggestions for War Time Economy of operation through proper care and use of Appliances

Here is the answer to hundreds of questions about How to Keep Your Appliances on the Job—this profusely illustrated 32 page book shows you how to take proper care of your appliances to get the longest possible life and most economy in operation. And it's FREE at any P. G. and E. office.

With the manufacturers of household appliances now engaged in the production of essential war goods, few if any new appliances will be built until Victory is won. That means YOU—all of us—must take care of the appliances we own and use them properly. By taking care of them, making sure they are not abused in service, you gain in TWO ways. Your appliances will have longer life—your appliances will operate with greater economy. You are money ahead each way.

This booklet was especially prepared to guide you in appliance care and use. It's title is "The Lady of the House and Her Mechanical Servants". In 32 illustrated pages it tells how you can have full normal use of all your appliances for comfort, convenience and work-saving if you follow its common sense suggestions.

Be sure to get a copy of this 32 page booklet. Keep it handy. It is as essential as your Civilian Defense Booklets, your First Aid Booklet or your favorite Cook Book. Come in for your copy of this FREE booklet today. Ask at any P. G. and E. office.

# Farm WAR NEWS

From the Alameda County USDA War Board

* * *

### WHEAT INTO ALCOHOL:

A program for conversion of 50,000,000 or more bushels of government owned wheat into alcohol has been worked out by Commodity Credit Corporation and representatives of the milling industry. Wheat from CCC stocks will be sold to millers for grinding into graular flour (a course, free flowing hard wheat flour) which is ideally suited for distilling into industrial alcohol.

* * *

### PASS THE CVINYA TUSHONKA:

"Cvinya Tushonka" may look like a typographical error to Americans, but it is a tasty dish to Russian soldiers, who have just been shipped three millions pounds by the Food Distribution Administration. This is a highly spiced pork product, made of boneless cuts of lean meat and is a standard article of diet for Soviet troops who are remote from supply bases and need a quick source of concentrated food to keep in proper battle condition. This novel product is one of the many new foods being shipped from the United States to Allied nations after being processed exactly according to their needs. Another one is dehydrated rice pudding.

* * *

### BITS AND PIECES

Five million pounds of turkey went to supply Christmas dinner tables of American soldiers, both in this country and overseas. . . . fruit and vegetable growers are urged to accumulate immediately a stockpile of second hand containers for the 1943 crop. 2,000,000 cans of government owned condensed milk have been released for civilian consumption to ease the butter shortage of ice cream, sherbert, frozen custard and similar products, has been cut 20 percent . . . . No fertilizer containing chemical nitrogen may be used on fall sown grain, lawns, golf courses, cemetaries, roadsides non-commercial plantings of trees shrubs flowers, melons, or cucumbers.

* * *

### SCRAP STOCKPILES NEEDED

Farmers are urged not to take the fact that rather large collections of scrap metal may be seen in junk yards and other collection centers as an indication that more scrap is not urgently needed or that there should be any let-up in efforts to get every possible ounce of scrap from farms. These scrap piles represent a "working stock" to be called upon as needed in the war effort. Scrap, once it is off the farm or out of attics must be assembled in stock piles in order to provide an orderly flow to steel mills. Government inspectors are alert to see that there is no "hoarding" at collection centers and that no unreasonable profits are made by junk dealers or any other persons handling scrap.

* * *

How very scarce new farm machinery will be in 1943 is indicated by the California quotas released from Washington last week. To be rationed by the local farm machinery rationing boards in the 57 agricultural counties of the state are 76 grain drills, 40 manure spreaders, 916 wheel type tractors, 82 cream separators, 7 grain binders, 34 ensilage cutters, and other machines in proportion. Of some types of machinery, such as stationery grain threshers, there will be none whatever.

State quotas have been broken down into county quotas by the state USDA War Board. Reduced to local terms, this means the Alameda county farmers can expect only 1 beet drill, 3 beet cultivators, 2 beet lifters, 1 manure spreader, 2 moldboard plows (walking, one horse), 1 moldboard plow (walking, two horse), 8 moldboard plows (tractor drawn or mounted), 3 spike tooth harrows, 4 farm wagons, 6 disc harrows, 11 tractor drawn cultivators, 9 wheel type tractors, 4 farm wagons, 11 milking machines, 3 milk coolers, 9 garden planters, 2 transplanters, 7 garden tractors, 1 broadcast seeders 2 fertilizer distributors, 1 soil pulverizer and packer, 1 rod weeders, 5 sweep rakes, 2 stackers, 3 feed grinders, 5 centrifugal irrigation pumps, 2 turbine irrigation pumps, 3 horse mowers, 9 tractor mower., 2 dump rakes, 1 side delivery rake, 2 combines, 1 hay press.

These will be distributed on the basis of most urgent needs by the county farm machinery rationing committee, whose memberships includes: Herman Koopman, chairman, Henry W. Kruse and P. H. Hoare, members, John Busch and A. D. Lewis, Jr., alternate members.

At the present time, the only machinery to be rationed is that which is already in the hands of dealers, and before a farmer can be granted a purchase certificate for a peice of equipment, he must first find it in a dealer's stock. However, WPB has assigned a preference rating of AA-1 to materials for manufacturing of new farm machinery and repairs. This will speed work on tillage tools and other machines needed for immediate use.

* * *

### TRANSPORTATION

Appeals for supplemental certificates of necessity for operation of farm trucks and pickups (in cases where the original ODT certificate allows insufficient mileage) should be filed by now with the county farm transportation committee in order that they may be issued before the deadline for emergency gasoline rations, January 31. Pooling of transportation and other schemes to cut down mileage and smash transport bottlenecks will be the concern of ODT committees from now on. This will be a year-round job.

* * *

### MACHINERY AND SUPPLIES

The County farm machinery committee is also enpowered to issue purchase certificates for welded and woven fence wire, poultry netting and barbed wire, without the necessity of the buyer having a priority rating.

Price ceilings on used farm machinery selling for more than $100 have been set at the following levels: Machines less than one year old, not more than 85% of the new price; machines more than one year old, not more than 70%. Machines affected include wheel type tractors, combines, corn pickers and binders, and motor or tractor operated hay balers. Both private owners and auctioneers are required to observe the ceilings.

* * *

### FOOD

Secretary of Ag. Wickard has instructed the Food Distribution Administration to set up committees representing the food industry and government to work out plans to meet critical food supply problems, especially in war industry areas. Rationing (under the "point" system) of canned and dried fruits and vegetables, begins in February. Next on the rationed list will be meat (date unannounced).

**In the meantime, meat slaughter is restricted by quotas to slaughterers of stated percentages of slaughter during the corresponding quarter of 1941. Farmers killing meat for home use are not affected, but any sales of meat to others must not exceed sales during the same period in 1941. Farmers making occasional sales to their neighbors are required to keep records, but need not make formal reports.**

* * *

### SCRAP COLLECTION

Salvage officials report a continuing need for "heavy" scrap, such as is obtained on farms, to go with the "light" scrap salvaged from basements nd attics. It is suggested that farmers wreck old machinery, saving all usable parts and belts, and disposing of all unusable parts, such as heavy castings, as scrap. Several California counties have set up community collection centers, where old machines are stripped of usable parts, belts, strap iron, etc., which is made available to farmers and machine shops.

* * *

### HOME FOOD PRODUCTION

Every effort should be made by farmers, surburban dwellers, and city people who have plots of land at their disposal, to produce and preserve as much food as possible in 1943 to relieve war-burdened transportation, packing and processing facilities. This includes Victory gardens, backyard poultry flocks for both meat and eggs, and meat animals of all kinds.

* * *

California tomato growers had a record year in 1942. State inspection of canning tomatoes amounted to 790,300 tons, compared with 665,972 tons in 1941. . . Many California cities have relaxed their restrictions on poultry raising. An enterprising poultryman in Contra Costa County is selling backyard poultry houses, complete with pullets to amateur chicken raisers . . . Farmers may keep one spare tire for each trailer or other rubber tired vehicle used on the farm.

## The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary Agricultural Council of California

"Farmers don't want government subsidies," Senator Thomas of Oklahoma declared in a recent analysis of the nation's agricultural problems, "because subsidies entail governmental regimentation and they really don't solve problems. Farrers simply want the cost of their labor included in computing price ceilings for their products. They think this is fair and they want it put into law."

Senator Thomas then listed four steps he believes should be taken by the government to make it possible for the farming industry to maintain production at a high level. They were:

1. That agriculture be recognized as a war industry.

2. That farm boys and farm labor be deferred from military service on the same basis as other war industry workers.

3. That a new and definite parity formula be developed so that "farmers may have a square deal with both labor and indutsry."

4. That farm prices be permitted to rise to full parity "and even higher if necessary to secure sufficient production to supply our war needs." The parity formula, Thomas emphasized, should include farm wages, both those of hired hands and operators and owners, together with provisions for tax payments, freight rates and interest payments.

There is a great deal of merit in that program, as outlined by the veteran senator from Oklahoma. In many respects, it is the same program which farmers advocated before Congress months ago—and if it had been enacted at that time, it is now generally recognized that many of the present food shortages, resulting from the depletion of farm labor and inequitable price ceilings, whould have been prevented.

The great majority of farm people will certainly concur in Senator Thomas' statement that farmers don"t want government subsidies, but on the contrary want simply fair treatment in parity and price ceiling legislation so that they can work out their own salvation. No group in America values liberty and freedom of action more highly than the farming industry — and no group recognizes more clearly that subsidies bring with them oppressive regulation and regimentation.

It was a tragic mistake on the part of the national administration that agriculture was not classified as a war industry from the start, for no industry is more essential to winning the war and maintaining the home front. The drafting of skilled farm workers who can't be replaced — and whose loss has contributed heavily to dislocations in the farming industry and serious shortages—was just as inexcusable as it would have been to draft highly skilled aircraft or shipyard workers, who are essential to those industries.

Even more serious, probably, in its disorganizing impact on the farming industry was the fact that wages in city war industries were permitted to climb out of all proportion to wages on the farm, with the result that agricultural labor was drained away — while the farmer, hopelessly tied by price ceilings which took no account of his increasing labor costs— was wholly unable to compete for workers.

No time can afford to be lost now in correcting these abuses and inequalities—and it is greatly to be hoped that the new Congress will act speedily to declare agriculture a full-fledged war industry, to insist on intelligent deferment of essential farm workers under the draft, to establish a parity formula that will give agriculture real parity as compared with urban war industries, and to make it possible for desperately needed farm labor to be recruited in ample time for the new harvest season.

Congressman Lea, dean of the California delegation, stated it plainly and bluntly a few days ago, when he said: "Farmers cannot retain efficient labor unless they have prices that enable them to compete in the labor market." If the other members of Congress recognize that simple, fundamental principle, there is hope for real improvement in the 1943 farm outlook.

Let's Double Our Quota

# THANK YOU!

*The people who live in the cities, towns and villages along Southern Pacific's lines in the West have just provided a fine example of war-time cooperation.*

We think this cooperation deserves recognition and we want to say "thank you" . . . since Southern Pacific was primarily concerned. And we're quite sure the many thousands of men in uniform who benefitted too, would also like to join us in this expression of appreciation.

Early in December we were faced with the problem of providing transportation during the holidays for a very large number of men in the armed services who were to be given holiday furloughs. Because of the pressure of war traffic on our equipment . . . cars and locomotives . . . we knew that we could not provide transportation for all these service men and the normal number of civilian holiday travelers too.

So we arranged a somewhat drastic and extensive program requiring coach reservations for virtually all trains, and set aside a major portion of both Pullman and coach space for the service men. Then we ran advertising telling people what our problem was, and why we could not take care of everyone who would like to travel during the holidays. We asked people *not* to "Try the Train".

As a result many people gave up holiday trips they very much wanted to make. The amount of civilian travel, compared with December, 1941, was considerably reduced and we took care of the service men in good shape. There was comparatively little congestion, and all essential travel was accommodated.

So we know that people generally have cooperated . . . and we give you all a hearty "thank you."

May we also express our appreciation at this time for your considerate and understanding attitude towards Southern Pacific and its service during the last twelve months?

We hope you will continue to confine your trips, in 1943, to essential travel.

A. T. MERCIER, *President*

## SEND IN YOUR 1943 LICENSE APPLICATION

Although the deadline on 1943 motor vehicle license renewals is only three weeks away, at least 2,000,000 California vehicle owners thus far have failed to file their applications for the new license tabs. Less than one-third of the registered owners have sought renewal.

This information came today to the Township Register from the Department of Motor Vehicles coupled with a plea by Gordon H. Garland, the newly appointed director, that motorists of Washington Township area file applications at once to avoid last minute jams and payment penalties after midnight, February 4.

These applications may be filed in person at the local branch office, he said, or forwarded by mail to branches at Oakland, San Francisco or headquarters at Sacramento.

"The mail application method is simple because it saves precious gas and tires and eliminates tiresome waits in line," Garland commented. "We require only that the applicant send us his registration card (white slip) showing his present address and a bank or postal money order or chashier's check for the amount of his fee as shown on the lower left-hand corner of his registration card. His tabs and new certificate will be mailed him in due time."

Unprecedented last minute rushes are anticipated at all major branch offices during the closing days of the renewal season unless the motorists act quickly.

### OAKLAND OFFERS BRUSH-UP COURSE FOR NURSES

OAKLAND—War always means more registered nurses are needed. There are not enough nurses actively engaged in nursing to care for both the armed forces and the civilian population. Nurses are leaving our local hospitals daily and going into the armed forces. ....

To prepare women who have been out of nursing for some time to reenter the field, and ease the situation that exists in our hospitals, the Highland School of Nursing is offering a brush-up course for registered nurses.

This course will commence on February 1st, and will consist of a review of the older techniques in nursing, and lectures, demonstrations and experience in doing the newer ones.

The course will require six hours a day, Monday through Friday, for eight weeks.

A personal interview with the Superintendent of Nurses of Highland-Alameda County Hospital is required of all applicants Appointments may be made by telephoning Kellog 2-1122, local 242.

— V —

### P. O. STAFF CHANGES

Mrs. Marguerite Crane, who has been on the staff at the Niles Postoffice for the past half year resigned effective Monday in order to enter the employ of the James Graham Manufacturing company in Newark,( where she will assist in the office. Fred Shepherd, former clerk and carrier here, who transferred to McClellan Field, near Sacramento, some months ago, has asked to be transferred back to Niles, (thus showing his good judgment!) This is according to Postmaster Ed Enos.

— Bonds for Bombs —

## PRICE CONTROL & RATIONING SAVE 24 BILLION DOLLARS

The United States government and its civilians have been saved approximately 24 billion dollars through the nationwide price control and rationing program of the Office of Price Administration, according to an annoucement made today by Mr. Geo. C. Roeding, chairman of OPA's Washington Township War Price and Rationing Board. This huge saving was revealed by the research division of the OPA at Washington.

The analysis shows that 20 billion dollars have been saved by the United States government for the period from May, 1942, to October 31, 1942, in purchases for the armed forces, war agencies, lend-lease program and other government functions.

Savings to civilians amounted to four billion dollars for the same period, partially allocated as follows: cothing, 318 million; beef and veal, 68 million; pork 121 million; cereal and bakery products, 18 million; and other items for a total of four billion dollars.

"This is concrete evidence of the value of the vast price control and rationing program of the OPA," commented Mr. Roeding. "It shows a graphic manner that our cheerful compliance with the requirements of the OPA not only aids our government substantially, but each and every one of us as consumers."

### ROSA NUNES, NILES RESIDENT, IS BURIED

Mrs. Rosa Silveria Nunes was given final rites at the Pratt Mortuary in Hayward Monday with mass at the Corpus Christi Church at Niles and interment at the Holy Sepulchre Cemeterey.

She was the wife of the late Alexander Nunes and the mother of Mrs. Rose King; the grandmother of Mrs. Anna Bragg and Mrs. Rose Morris and the great-grandmother of Mrs. Betty Silva, Barney, Robert, Donald and Allen Bragg. She was a member of the Neighbors of Woodcraft, the YLI and the SPRSI, No. 79, of Niles. She was a native of the Azores.

The fire chiefs of Alameda County met Thursday evening at Alabam's place near Hayward for their regular monthly meeting.

## SHOOTING SNELLS DUCKS COSTS TWO BOYS 48 DOLLARS

Several weeks ago Deputy Sheriff Henry Vervais at Niles was quite surprised to find 16 domestic mallard ducks parked on the running board of his official automobils one Sunday morning. The ducks were dead and he waited for the nimrods to show up.

The doughty hunters proved to be two youths from Oakland who were greatly surprised when the officer held them to answer for shooting the birds on the private property of the Henry Snells at the end of G street in Niles.

A judge of the juvenile court in Oakland heard the story, fined the boys $3 for each of the 16 tame birds killed, confiscated their guns, put them on probation for six months, ordered them not to go hunting without an adult to supervise their actions, and lastly reprimanded them for their unsportsmenlike behavior in shooting sitting birds, instead of giving the birds a sporting chance to get away.

**This series of restrictions imposed by the court should offer a warning to other local boys who have made nuisances of themselves trespassing on the Snell and the Grau property, where they have shot tame birds and have disregarded No Trespassing warning signs.**

### CALIFORNIA LION KILL FALLS BEDOW 10 YEAR AVERAGE

SAN FRANCISCO—There were 162 lions killed in California during 1942, fifty-eight of which were killed by State hunters and trappers, according to figures just released by the California Division of Fish and Game. Of this number, 85 were females and 77 males.

The kill for 1942 is far below the average for the past ten years of 248. This reduction in kill is probably due to the fact that many who would otherwise be hunting have turned to other work, curtailment of travel, and lack of ammunition. During the 36 years the Division of Fish and Game has been paying bounty, 9,039 lions have been turned in for payment totalling $215,-370. In addition to this amount, thousands of dollars have been paid out in salaries and maintenance of State lion hunters.

Lions are accountable for the loss each year. (It has been estimated of many deer and much livestock that an adult lion will average a deer a week.) The control of the lion population therefore benefits wildlife and stock-raisers as well.

Lions are most abundant in the northwestern part of the state. More than half the total lion kill has been made in these counties; Humboldt County accounting for ten percent alone.

### GEMS OF THOUGHT

Today's Good

With a song in my heart I greet the day
And the task that day may bring,
For God's dear love shines on my way:
What can I do but sing?
—Maria Valde

Get the pattern of your life from God, then go about your work and be yourself. —Phillips Brooks

Divine Love is our hope, strength, and shield. We have nothing to fear when Love is at the helm of thought, but everything to endanger on earth and in heaven. — Mary Baker Eddy

Give us to awake with smiles, give us to labour smiling; as the sun lightens the world, so let our lovingkindness make bright this house of our habitation.
— R. L. Stevenson

This day is all that is good and fair. It is too dear, with its hopes and invitations, to waste a moment on the yesterdays. —Emerson

### CITIZENSHIP CLASS

CENTERVILLE — A new class in English and Citizenship will begin next Tuesday evening in the Niles Grammar school for persons interested in becoming American citizens, with Mrs. J. C. Shinn in charge. Classes will be held each Tuesday and Thursday evening from 7 to 9 o'clock under the auspices of the evening high school, Mr. Warren Gravestock announces.

### GARDEN CLASS OPENS

CENTERVILLE — The first meeting of the home garden class taught by Tom Robbins of the California Nursery was held in the agricultural rooms of Washington Union High School Wednesday night from 7 to 9 o'clock. Practical demonstrations in local gardens are included in the course.

## WAACS NEED MANY MORE WOMEN FOR OFFICERS

Opportunity for women to become officers in the Women's Army Auxiliary Corps is far greater now than when the initial WAAC Officer's Candidate School was started.

Reason for this is that new increased facilities have made possible the training of large numbers. Many of the original rejections were due to limitations of facilities which allowed the selection of a very small percent of those actually desired.

Records of all applicants rejected for the first Officer Candidate School will now be re-examined.

All enrollees will be eligible for training as Officer Candidates, following their four week's basic training, provided they meet the necessary qualifications.

The WAAC'S need thousands of officers as well as auxiliaries. Opportunity for advancement is great. Visit or write to your nearest U.S. Army Recruiting Station. In San Francisco it's 444 Market Street, Telephone number is YUkon 1935.

### HEARST COUNCIL TO MEET THURSDAY AT CENTERVILLE

CENTERVILLE — Next Thursday at 10:30 a.m the regular monthly meeting of Pheobe Hearst Council PTA will be held at Washington High school, according to Mrs. E. F. Tyler, publicity chairman.

The program will be: Preserve Us as a Nation, and the Schools' Contribution in War Time. There will be a panel discussion at 1 o'clock. Luncheon will be served in the cafeteria by the high school PTA.

Representatives will be present from the School Department, the U.S. Department of Agriculture and the State Employment Service Unit presidents and members are urged to attend and to notify their delegates.

### MEETING POSTPONED

The Men's Fellowship club dinner scheduled for next Monday evening in the Guildroom of the Niles Congregational Church has been postponed according to President Ted Glassbrook until a better meeting night can be set which will be more convenient for the Centerville members of the club, who have their Monday nights taken up with Current Affairs classes. The new date will be announced in next week's issue of this paper.

Do not anticipate the happiness of tomorrow, but discover it in today. — Ella Wheeler Wilcox

### TO ATTEND COUNCIL

Secretary A. J. Petsche and E F. Glassbrook were appointed at Monday's luncheon meeting of the Niles Chamer of Commerce in the City of Florence Restaurant to represent the Niles body at the coming Central Coast Council meeting of the State Chamber of Commerce to be held in the Hotel Oakland on Friday, January 22. President T. C. Wilson suggested these delegates present the matter of keeping glass cleared from the highways and that disused bill boards, particualrly political billboards, be removed.

## DO NOT GIVE NAME OF SHIP UNIT DESIGNATION

If you know what ship a sailor is on, or what company or regiment a soldier is with overseas, then you know a military "secret," the Office of Censorship in Washington warns.

This secret ought not tobe published. This is why:

A general needs to know the strength of his opponent: how many men, guns, ships, planes there are in each theatre of war.

The Nazis and the Japs want to know these things about our forces. Their agents assemble the information like this: from one paper an item reveals the 600th Infantry is in Australia; another, 206th Tank Battalion is in North Africa.

Add hundreds of these bits of information together, and our enemies have a too-accurate estimate of American military strength.

These are OUR soldiers — Americans all whom we endanger by these "little slips."

**This is not a 'blackout' on the news about our soldiers. Considerable latitude in reporting personal experiences gives the enemy little military information, if the troop units, the ship names are kept secret. But in articles about soldiers and sailors and in the addresses for them, don't give away their fighting units.**

— Bonds for Bombs —

### HOUSE BURNS DOWN OWNER IS ABSENT

DECOTO — When William Walker, Decoto bachelor returned home Monday morning from work at Newark his house had disapeared. Fire of unknown origin destroyed the residence and contents at 2 o'clock Monday morning two hours after Walker had left for work. The loss, set at -3000, is partly covered by insurance.

Neighbors discovered the fire and turned in the alarm too late to save the dwelling.

### 'STRICTLY IN THE GROOVE'- HAS OZZIE NELSON AND HIS ORCHESTRA

Lucky for the music-loving movie fan, there is no shortage of harmony and rhythm. The current jive crop too seems to exceed expectations, according to some of the season's most successful screen ventures. For example, Universal's "Strictly In The Groove," coming to the Niles Theatre Sunday and Monday.

Twelve musical selections are listed in the film's score and are presented by such popular entertainers as Ozzie Nelson and his orchestra, Grace McDonald, Mary Healy, Martha Tilton, The Dining Sisters, The Diamond Solid-Aires and the Jimmy Wakely Trio.

Compositions in the gay picture range from "Happy Cowboy," "Buffalo Gals" and "You are My Sunshine" to tunes like "I Never Knew" and "Somebody Else is Taking My Place."

Three famous comedians headline the cast of "Strictly In The Groove." They are Leon Errol Shemp Howard and Franklin Pangborn. Vernon Keays directed the swingfilm under the associate producership of Joseph G. Sanford.

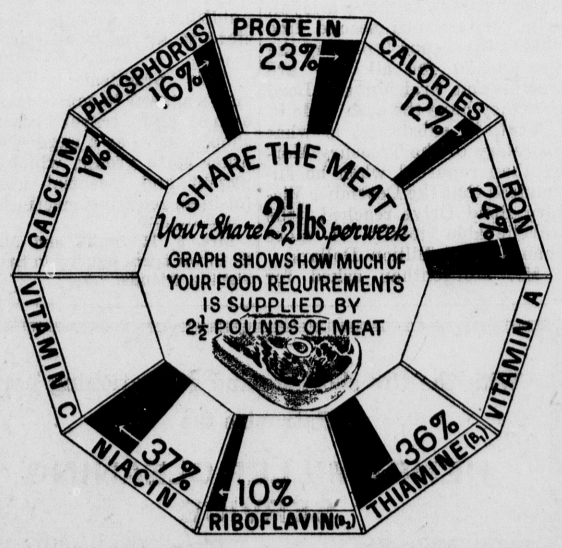
— Bonds for Bombs —

### OPEN AT 9 A.M.

During the cold, wet winter mornings The Township Register will not open for business until 9 a.m. instead of the 8 o'clock opening hour which has been observed since the present management took charge. The office will be open until 5:30 in the afternoon except Saturdays, when the office closes at noon, as we have done for the past several years. We do not believe our customers will be inconvienced as there aren't many people on the streets these days that early in the morning. (Nine o'clock is really 8 o'clock suntime, — and it is the sun that makes our day, not the clock!) — W.W.

Mrs. Sybil Tynan Tucker was a luncheon guest recently of Mrs. K. D. Denney, Hollywood danseuse at the Hotel Belvoir. Mr. and Mrs. Denney are establishing a home up Niles Canyon. He is employed at the steel mill.

## Food Value of Your Share of Meat



**BERCHEM'S QUALITY MEAT MARKET**

Will be open from 8 to 12 a.m. and from 2 to 6 p.m. and each customer's purchase will be limited so that everyone gets his fair share of meat.

**BERCHEM'S QUALITY MEAT CO.**

Niles, California

## SALESMAN WANTED

**IMMEDIATELY**, in this or adjoining counties; someone knowing land values, who can show and sell farms and country real estate to STROUT nation-wide customers. Big selling years ahead as the war is increasing the demand for farms.

Past year many Strout Representatives earned commissions of $3000 to $10,000, some have been with us over 30 years—sales at 10 year high.

An opportunity for a lifetime business is now open to hustlers. Write for booklet, "How Strout Sells".

## GET THOSE TIRES INSPECTED NOW!

(Continued from Page One)

Some car owners admit they are going to put off their inspections until the last day, in order to drive as many miles as possible before the first offical record is entered on each owner's OPA Form R-534 Part B, which form must be in each owner's possession. (This is the lower half of the form which you signed when first applying for gas ration books, regardless of letter).

This effort to be good to onesself is of course only human nature . . but when the last day comes there will be a line-up outside inspection depots blocks long; and the inspectors can only work so many hours.

Remember the run on gas stations on Monday, November 30, the day before rationing became effective? The same jam will occur when inspection periods end and the object of the advertisement on the back page of this and coming issues, paid for by all official tire inspection stations in Washington Township, is to

**URGE ctizens NOT to wait until the last day, nor even the last week, to have their tires inspected. The official deadline for truck tire inspection is today, . Friday, .January .15. Whether the deadline will be enforced or extended this newspaper has no way of knowing**

Good citizens will therefere begin at once to take their cars to their nearest tire inspectors and be in the clear.

Remember: your inspector may only charge 25c for externally inspecting your car's five tires, IF the serial numbers are visible from the outside. If your serial numbers are on the inside of the tire, the inspector may charge more to pay for his trouble in crawling underneath your car with a flashlight, or running it over a pit or raising it on a hydraulic lift in order to ascertain the numbers.

**As all white side-wall tires have their serial numbers on the inside only, and modern car owners .cannot .reverse .them without losing the smartness of the white sidewall on the outside, these owners must expect to pay 50c per car for such inspection, or more.**

These are all according to OPA orders; your inspector has nothing to say about it. We the Citizens have nothing to do but comply with our government's orders as rapidly and graciously as possible . . and that before February 28. for B and C card holders and March 31 for A card holders.

Note: Some of the larger Township garages whose names and addresses appear on the back page of this issue are fully occupied doing important overhaul and repair work which returns them $2.50 per hour and up, shorthanded as they are.

These same garagemen, making three normal inspections per hour earn but 75c and are taken off their more important garage work.

Some of these men have therefore told a representative of this newspaper that they would appreciate it a lot if their regular customers and friends will take their cars to the nearest service station inspector to have their inspections made. These service stations do not have a garage full of dismatled cars awaiting repair. And all our Township garages are short handed now-a-days.

**LASTLY: When your inspector, be he garageman or service station operator, condemns one of your tires and sends you to the Ration Board to get a permit for a recap or a Class III or Class II tire, for Heaven's sake order your tire through your local inspector. He can get any brand, grade and size of tire you wish, and can make a handling charge on it. Why not give him the break instead of running to a Hayward or San Joe tire dealer, who has no personal interest whatever in you or your car?**

Service station men are feeling the pinch of gas rationing; a lot of them have closed up. Surely those remaining in business for your convenience deserve what extra business you can give them. — W.W.

—ww—

## SUPPORT THE CURRENT AFFAIRS CLASSES

Mr. Jack Rees, who conducts the popular Public Forum classes at Centerville, has extended this interesting service to Niles this year in order to provide instruction and entertainment for local adults while reducing the demands upon the use of civilian automobiles.

A fine program is cheduled for next Tuesday evening in the Grammar School auditorium beginning at 8 o'clock, with another outstanding program booked for the week following.

Local citizens who weary of sitting around home lstening to the radio night after night should avail themselves of this opportunity to support these Current Affairs (really Public Forum) classes.

Only 60 persons attended the first "class" in December . . this small figure could be readily increased to 100. The larger the attendance the more appropriation the evening high school at Centerville receives from the state with which to provide bigger and better programs.

Make it a date, you men and women of inquiring minds, to come and sign a card and enjoy an nstructive evening.

—ww—

Employers! When withholding your employe's Victory tax, (5% of their pay) remember the first $12 per week is exempt. You can figure the balance at 5% readily enough.

—ww—

## WHY CODDLE THE JAPS?

Report has it that the Japanese in the several western Relocation Centers have first call on scarce articles of food, and the American citizens living nearby have second call. That's mighty fine — for the Japs.

They are to enjoy an extra fine educational program while in confinement to compensate them for ther removal from civilan life. That's mighty charitable of Uncle Sam. .

But seeing there is a war on, and a threatened, if not an actual food shortage, why not turn these able-bodied young men out to work for their keep??

Now in Japan, the American civilans interned there — are lucky if they get enough to eat, and are not maltreated.

Why not temper mercy with common sense?

—ww—

## THE GAME OF LIES

When reports come out of Germany quoting the "German high command" the source should be reported as the "German lie command." Also: D.N.B., the initials of the official German news agency, stand for "Do Not Believe", — as pointed out heretofore in these columns.

Those Godless nazis lie as fast as they can think and talk: they get their own benighted people to believe their propaganda, even the nazi heads come to believe their own tripe themselves. . Most of what they release is just wishful thinking out loud.

Nothing they can say will vary .THE FACTS however. Facts speak for themselves and no amount of gilding can alter them.

The nazis are running in a tight hole now, surrounded on the east by the valiant Russians, on the south by United Natons forces in North Africa; on the west by England and the United States; on the north by the hostile wintry Artic Circle, the disaffected Norwegians and the still neutral Swedes.

Come spring, this year will see the squeeze play exercised from all directions except the north; in fact, the doughty Soviet are even now crushing in the nazis east "wall."

The United Nations are not very good at playing this 'game of lies". It is not in our nature to do so, and the way that the Path to Victory is now shaping up, we don't have to resort to lies, deception and trickery: surely not in reporting the facts to our own people.

The murder of Darlan has not injured our stuation in North Africa at all; in fact Giraud and DeGaulle suit our purposes far better than Darlan, the opportunist did.

"Truth will make US free" according to the Gospel, and we and our Allies, being Christian peoples, will cleave to the Truth and let the Japanazitalian lies fall where they may. Such lies only distort the facts and hurt their peoples, not we.

This is God's Country — and do we love it? — W.W.

—ww—

"The only good Indian is a dead Indian" said the early day Pioneers who experienced many "hair-raising" encounters with the copper-skinned natives.

Similarly, today: "the only good nazi or Jap is a dead nazi or Jap." . . They started this queer notion of spreading "peace with a sword" and it's up to US and our Allies to finish the job for them—against them.

—ww—

## MONEY! MONEY!

Let's see. Back in 1932 the national debt stood at 18 billion. That did not include another 16 or 18 billion still owed us by our Allies of the last war. Some say England and France welched on their debt to Uncle Sam and called him "Uncle Shylock" for demanding repayment. Bethatasitmay, they apparently did not have money enough to pay their war debts to US.

After eight years of new deal social experimentation the national debt rose to 40 billions. Because of this war the debt is now nearng 100 billion, and by the end of 1943 will reach or pass 200 billion dollars.

Add to that billions under lend-lease, the lend part of which will never be repaid us by England, Russia and China. They wont have the money.

During and after that, we will spend more billions to feed and clothe and house the peoples of the reconquered nations.

How come other great nations dont have the money to repay us old debts, yet Uncle Sam can continue to pour out his treasure until by the end of this year it will take about 200 billion dollars cash to square his domestic and foreign accounts, and make him solvent again? That's one of the mysteries of Today and only God can solve it.

With only 27 billion dollars of gold in existence, two-thirds of it owned by the United States government, which normally forms the foundation for currency (paper) issues there apparently is not money enough in existence to make our Uncle solvent again.

Why not call the whole thing off and junk all those elaborately juggled treasury accounts? We The People will go right on eating and sleeping regardless of what entries exist in the treasury books at Washington. Money is only a medium of exchange and high finance is only a theory like space and the day after tomorrow.

Gold of itself is useless as food, clothing or shelter. Still, FDR put enough of it underground in the East to fully meet the nation's need for gold money, if it should be dug up and minted after the war. Then the nassy treasury books full of war debts and national debts can be put in the Smithsonian Institute for the public to gawp at, like they do at the Constitution or the Liberty Bell.

Treasury financing is like "robbing Peter to pay Paul" . . by hypothecating and pyramiding, the treasury creates maginary credits and balances which only exist in experts' minds, not in fact.

The theory of finance keeps a lot of government officials happy, so let 'em play. We The People will go right on planting potatoes pulling up the covers on our beds at night with a sigh of relief, and carrying on our tangible affairs quite as usual while the high brows play hide and seek with the debts.

There is not money enough to pay them, nor ever will be; why not lay them away like cast-off garments after this war is over, and bend our efforts to making the earth a better place for all men, regardless of color, race or creed? This was the Founding Fathers' idea when they established God's country, the United States of America!

—ww—

## LIFE IN 1943

No parkin',
No gassin',
No sparkin',
No nuthin!

—ww—

## CHEAP AUTOMOBILES

Henry Kaiser says that after the war Americans will have the lightest and cheapest automobiles ever made . . Popular cars today weight around 3,000 lbs. and cost from $900 up. Kaiser says he can build a car, using more aluminum and plastic which will weight around 2000 lbs. and should sell for $600, or not much more.

This, coupled with the new synthetic tires, which will outwear the car, makes very good reading. There is no reason why automobiles should be as heavy as they are, using up much rubber and gasoline.

That man Kaiser is "good news" to anybody, and light, cheap cars will be welcomed by a populace which has gone two or more years without new cars.

Bring on the future!

—ww—

## PRAISE THE LORD AND BUY THE AMMUNITION

United States troops, who man the guns in America's far flung battle-lines, have a loyal, grimly-determined second line "behind the guns", passing the ammunition for all they are worth—and praising the Lord that they have the cash to do it

That, in substance, is what Secretary of the Treasury Morgenthau reported when he announced that the December Victory Bond Drive reached "the unbelievable total" of more than Twelve Billion Dollars.

Mr. Morgenthau asked for nine billion — and the people of America raised the ante and gave him twelve! That's really passing the ammunition.

## WOMEN IN DEFENSE

by Patricia Corley

Grumbling doesn't win a war. Housewives, who are continually complaining about not being able to buy that beefsteak, or that pound of butter, or any other food that's scarce, are not contributing, says the State Council of Defense.

The shortage stories become a little more exaggerated as they make the rounds, and the effect on civilian morale is definitely detrimental.

New buying habits will have to be cultivated, also, according to Mrs. Hazel Schnabel of Sacramento of the State Council of Defense staff, who is organizing consumer interest committees in northern California. We have to overcome the old tradition of buying — that we can do better buying in clothing and feeding our families by purchasing in quantity. "Quantity buying," she says, "is out for the duration."

Conservation of what we have is the keynote of cutting down on purchases. To make equipment, for instance, last longer, Mrs. Schnabel advocates neighborhood pooling of household equipment.

As to the hoarders — the people who prevent you and me from getting our due share of commodities—she believes that the law of retribution will catch up wth them.

Here are a few hints to housewives from the government: Shop around the stores, since different stores have different price ceilings. Learn which articles have ceiling prices and which do not. Read labels and watch grades and quantities. Watch weights and measures.

If you think you are being charged too much, dseuss it with your storekeeper. If you are sure the charge has been excessive, ask for a receipt. Then send in your inquiry to your local war price and rationing board.

According to Mrs. Schnabel, 158 consumer interest committees have been organized in California cities and towns. Consumer interest centers, where people may obtain information about such matters as price ceilings and control, quality and service of consumer goods and conservation, are also being rapidly established.

—ww—

## NEWSMEN ARE PRACTICAL

Transportation problems are being met realistically by the California Newspaper Publishers' Association. With important and essential business to transact, CNPA will have two separate one-day conclaves, one in San Francisco, Jan. 16, one in Los Angeles, Jan. 23, enabling publishers in each part of the state to attend with minimum travel.

This practical newspaperman's answer to conservation of time and travel resources should serve as a suggestion to other state groups which have urgent and essential wartime business requring meetings.

Mrs. F. H. Smith and Mrs. C. B. Oliver spent Sunday in San Jose visiting friends.

## A SOLDIER'S LETTER

Township Register
Niles, California
Dear Editor:

January 18 will make it four months for me in the United States Army, and I must say that Army life is what a soldier makes of it.

As a soldier I left the community of Newark, California for my basic training at Camp Robinson, Arkansas, which is located over 2,500 miles from Newark; later I was transferred to my present location at Camp Carson, Colorado.

A soldier has many things to learn in the army: He must be present for Reville and Retreat; he must make his bed in prescribed manner; he must keep his personnal clothing and equipment clean; he must obey all orders from officers and non-commissioned officers; he must shine his shoes every day; he must shave every day; he must get a haircut frequently; he must try to learn his job rapidly and accurately, etc

Soldiers in the Service are buying War Bonds on the Allotment Form; purchasing National Service Life Insurance; and also sending a portion of their pay to their folks, wives, etc each month. I do hope you civilians are doing your part in buying War Bonds.

As for myself I was promoted to the grade of P.F.C. December 31 and at present time hold the position of Battery Assistant Clerk.

Let us all pray for immediate victory and peace for the United States, which wehope will come to an end very shortly. Let us also pray a special prayer for the United States soldiers fighting over there or across the seas.

I would like to thank the editor and the publisher of this paper for printing this letter. I worked for this paper for over five years and for Mr. Waynflete for over two years, and I must say truthfully that he is one of the best country editors I have ever seen, and for the paper itself it is the best country newspaper on the Pacific Coast. Hope everyone in Washington Township had a Merry Christmas and a Happy New Year, as I sure enjoyed both of these holidays here at Camp Carson, Colorado. Good luck to you all in Washington Township, and may God Bless you all!

Sincerely yours,
P.F.C. Eugene Pashote

(Editor's note: It's nice to be young:)

I Take The *sensible* RAMOS WAY *now...*

Thousands and thousands of people have discovered that RAMOS Rejuvino Alkalizer gives them quick, pleasant relief after overindulgence. They eat what they like and like what they eat...because RAMOS combats hyperacidity, relieves distress and permits them to eat what they like without disagreeable after effects. RAMOS is a scientific compound of a TRIED, TESTED and PROVED prescription for Gastritis, Indigestion, Dyspepsia. Nausea, Constipation, Billiousness and other stomach ailments caused by hyperacidity. Why not try a bottle of RAMOS today on our money-back guarantee.

"Judging by appearances," said the bank president, "two of my tellers are crooks. Or should I say judging by disapearances."

## ORDER PREDICTS WORLD LABOR & TRADE POOL

Future economic upheavels will be avoided by the surplus commodities of all nations being deposited in an international trade pool Credit at the market value of the commodity will be given the nation having the surplus, which credit must be taken out in purchases from the same pool. This is one of a series of predictions issued by the Roscicrucian Order, (AMORC), a philosophical fraternity with international headquarters at San Jose, Calif. According to Miss Pheobe Ormsby of Centerville the predictions are not founded upon any fantastic system of divination but upon an analysis of the trends of the present and a logical projection of them into the future.

Further predictions are that the present decentralization of industry will continue after the war, resulting in the establishment of many new, modern-sized cities in formerly strictly agricultural areas. This will encourage the youth to remain on the farm and enjoy the facilities of an adjacent city, checking the exodus of farm labor. Japan, it is claimed, will not lose all of the area she had gained through aggression prior to the war, as the victorious allied nations will see the danger in further compressing her dense population.

The global war will weaken the intense spirit of the necessary nationalism that now prevails. The returning warriors will have such a thorough understanding of the problems of other peoples throughout the world, as not to tolerate their ecnomic and political oppression under any guise. They will be skeptical of the theory of a Supreme power or preferred nation.

The Rosicrucians in annual booklets of prophecy previously issued by them predicted the abdication of King Edward and that President Roosevelt would end the traditional terms of office of American presidents, each of the prophecies at the time causing considerable controversy.

# Official Tire Inspectors for Washington Township Announced

## *New Deadlines for "A", "B", & "C" Book Holders Are Advanced to Escape Rush*

"The regulations require that 'A' book holders have their tires **inspected every 6 months after the first inspection, "B" holders once in 4 months, and "C" and "T" drivers, once every 3 months.**

"This periodical inspection routine was created for the express purpose of preserving the nation's remaining tire carcasses. . . It is important, when a tire wears down to the point where the carcass is endangered, that the motorist be given a certificate for a recapping job or replacement.

"The government has authorized tire inspectors to make a nominal charge of 25 cents per car where tire serial numbers are on **outside of tires, plus a charge of 50 cents each where it is necessary** to dismount the tire. Higher rates prevail for heavy truck tires."

**The following OFFICIAL TIRE INSPECTORS have been appointed for Washington Township:**

## ALVARADO

## Ration Book Must Be Turned in at Car Sale

At this time of the year when transfers of ownership of automobiles are being recorded, motorists are urged by the National Automobile Club to comply with the ruling of the Office of Price Administrtion with regard to their gasoline ration books. The ruling is that upon change of ownership of a vehicle the ration book issued for that vehicle shall expire and all unused coupons and books issued therefor shall, within five days after such change, be surrendered to the issuing Board, by the person to whom such ration was issued. The transferee, or purchaser, should apply for a ration in his own name.
